

MFH-10.02

Foaming Conditioner

DESCRIPTION

Designed specifically with the self-serve customer in mind this product is ideal for use in foam brush applications. The gentle foam package helps lift dirt and debris, while not harming the vehicles finish. Customers will enjoy the wonderful bubble gum fragrance and luxurious foam it generates.

USAGE INSTRUCTIONS

This product works best when diluted with soft water. Primarily designed for application as a foam brush in self-service settings. Begin dilution at 75-90:1 and adjust air to achieve desired foam profile. For darker foam, strengthen dilution.

FEATURES

- Biodegradable
- Economical
- Non-staining
- Awesome fragrance and show
