

VANILLA SHEEN / BULK

Carnauba Foam Polish

DESCRIPTION

This product produces a rich foamy lather that covers the car in carnauba wax and other specialty additives. Loaded with Vanilla fragrance and white foam it smells amazing, looks great and leaves your car looking awesome. This products is designed to be run through foaming applications to enhance show and boost performance.

USAGE INSTRUCTIONS

This product can be applied in touch free or friction applications. It is ideally applied through foaming applicators in tunnel and in-bay automatics. Begin application at 250-300:1 (2-3 ounces per vehicle). For improved performance increase application to 125-175:1 (4-6 ounces per vehicle). For friction locations, using a top brush or mitter curtain after the application of product will produce greater results.
